

2022 ANNUAL GIVING REPORT

CADETS ARTS AND ENTERTAINMENT

Cadets Arts and Entertainment, Inc. (CAE) continues to build on the foundation laid in 2020 and our inception as a new non-profit. 2022 was a year of success, opportunity, and challenge, not only for our flagship program—The Cadets—but for the entire drum corps community. The first full year of touring for CAE occurred against a backdrop of high prices, adverse weather, and unprecedented barriers, particularly with respect to access to tour housing. The Cadets community persevered under difficult conditions. Our post tour surveys showed that while we had much to celebrate, we also have many areas to improve for 2023 and beyond.

We would like to thank the members, staff, volunteers, parents, donors and fans for their unyielding support throughout the year. Without each of you, The Cadets would not be here. We had foundational goals for 2022 tied to our 2034 strategic plan, which we achieved, thanks to everyone’s collective effort. We remain in a strong financial position. Most importantly, despite the difficulties of the year the members rose to the occasion and performed a show that was identifiably “Cadets” to our historical standard of excellence. We are so very proud of the members’ accomplishments.

As we reflect with gratitude on the unmatched generosity and commitment of The Cadets community in 2022, we look positively forward to 2023, and yet another step forward for growth, improvements, and excellence. **We invite everyone—students, parents, alumni, volunteers, donors—to join us as we continue our journey toward our 100th anniversary!**

In your service,
 Cadets Arts and Entertainment Board of Directors

Donor Report

Through the dedication of our donor community, we raised over \$538,000 last year to support the 2022 version of The Cadets.

We are blessed with the largest and most active donor community in all of drum corps! Through our Christmas Campaign, Maroon and Gold/Maroon and Gold Plus Campaign, and our Power The Cadets Campaign, our donors provided nearly a third of the critical resources needed to pay for the food, transportation, housing, teachers, and equipment named to make "Rear View Mirror" come to life. Most importantly, through your efforts, 168 of the world's best young people can call themselves "Cadets" forever!

Thank you for your continuing support and trust!

Volunteer Report

Our volunteers are the glue that hold The Cadets together! For decades, people from across the nation and from every imaginable background have given their time and expertise to perform the endless tasks to house and feed the students, to deliver medical care and support, and to ensure that they have the best equipment and look great in uniform, and to help the organization grow and prosper. The hours are long, the conditions can be difficult, and the work can seem thankless. We want everyone to understand that our volunteers are the engine that make The Cadets go, and that every student and staff member knows how critical you are for our future.

Alumni Report

As the Nation's oldest and most honored drum corps, we have the largest and most active alumni base in the activity. The Cadets are led by alumni, taught by alumni, and supported by alumni contributions. The dedication, talent, and perseverance of our alumni carried us to ten American Legion Championships and ten Drum Corps International Championships and have made The Cadets name synonymous with excellence! During 2022 we held numerous alumni gatherings during the drum corps season, capped by an outstanding Homecoming Weekend in October. We look forward to seeing everyone who wore the Maroon and Gold with pride throughout 2023!

Marching Together Toward Our 100th Anniversary

Ladies and Gentlemen . . . introducing from ERIE, PENNSYLVANIA . . . **THE CADETS.**

During 2022 we had an opportunity to act on a key initiative in our Strategic Plan: we found a new home for the organization that allows us to become a valued and vital contributor to a community. CAE believes that our mission and goals for growth require that we fully integrate with a locality where our positive impact may be felt, year-round.

Erie PA was vetted for many months, and we were received with open arms by a city and community excited by the prospect of having The Cadets come to town. The Erie Sports Center played a crucial role in leading this effort. This exceptional facility—and its visionary leadership team—prioritized The Cadets as a permanent fixture in their pantheon of program offerings. The Erie Sports Center served as the focal point for a diverse team of government, community, and business leaders who demonstrated their passion and commitment to The Cadets throughout the assessment process. Of note was the role played by the Erie Thunderbirds organization, who have worked tirelessly to welcome The Cadets, and to introduce us to the community. All other cities that were considered simply did not compare, and our decision to relocate opens a bright new future of opportunity as we seek to embed The Cadets as a vital and important cultural and educational institution in western Pennsylvania.

During 2023 we will complete our move and take the next critical steps our journey to 2034, our 100th anniversary year.
