

Letter of Support for Joseph and Arlene Nikischer
To: Hall of Fame Committee
From : Judy Ulchinsky

I have known the Nikischer's a long time as I taught the Plebes during my tenure as Color Guard captain of the Cadets. Through Joe Nikischer's participation in that organization came to meet his parents.

His parents volunteered to be quarter master and mistress for the Plebes. During that time the Nikischer's were always supporting some activity of the corps and as it is for many of us, became involved and never stopped being there for Joe and the other kids in the corps.

Mr. Nikischer became the director of the Plebes for a few years. Whenever there was a need for help he was there to fill in the gaps and keep the organization running. Pretty soon he was running shows for the Cadets.

For many years there wasn't a event where the Nikischer's weren't around to support the corps. I always made sure to stop by their table at an event to say hello.

The Cadets often use Clifton Stadium for local shows. I guess you know who makes sure their application is approved!

The Nikischer's are most deserving of their participation in the Hall of Fame because when the corps needed their help, they were there.
